NAOFEL EL ALOUANI

ENGINEER STUDENT SEEKING A 3-MONTH INTERNSHIP ABROAD STARTING FROM APRIL 10 2023

AREA OF RESEARCH: CYBERSECURITY / NETWORKS / PROGRAMMING

DETAILS

City
Dijon, France

PHONE NUMBER
+33 6 51 72 21 66

E-MAIL
naofel.eal@gmail.com

DRIVER'S LICENSE
B

CERTIFICATES

CCNA 1: 83,5%

TOEIC: 790

LANGUAGES

French (native language)

English: B2/C1

German: B2

Spanish: A1

COMPUTER SCIENCE SKILLS

Vue.js
Java Script
CSS
SQL
C++
QT
Java
Swift
After Effect

CENTER OF INTEREST

High level handball
Volleyball (self-training)
Piano (self-training)
Video montage (self-training)

PROFILE

I am Student in second year of engineering school with majors in computer science and electronic specialized in security and quality of networks.
I have been passionate about development and security since I was little, which allowed me to acquire many skills. I was able to develop:

- An automatic pill dispenser (Inventor, Arduino, C++) – 2022
- A 3D game to practice aiming: Aim Trainer (Java, OpenGL 3.3) - 2022
- A software driving a robot (QT, C++) - 2022
- A 2D Web game Boulder Dash (HTML, CSS, JavaScript) - 2022
- A neural network capable of recognizing the voices of the presidents of the Fifth Republic (Python) - 2021
- A hydroalcoholic gel dispenser (Arduino, C++) - 2021
- An electronic interface reacting by lighting to the notes played on a piano (Arduino, C++) - 2020
- A racing game and its simulation seat PlaySeat (Inventor, Arduino, C++) - 2019

PROFESSIONAL EXPERIENCES

Bank receptionist, Crédit Mutuel   July 2022 and August 2020, Dijon

I was responsible for welcoming customers and meeting their needs (making appointments, transfers, cashing checks, sending bank cards, etc…).

Receipt of parcels, CEAT Electronique   July 2021, Longvic

During my summer job I was assigned to receive various packages (electric scooters) from partner companies in order to send them for repair.

IT service internship, CEAT Electronique   February 2016, Longvic

Study of the company's IT department and programming of a mobile application.

TRAINING / EDUCATION

Engineer school, ESIREM   September 2019 – Today, Dijon

Integrated preparatory class and specialization in network security and quality.

High school Eiffel   September 2016 – June 2019, Dijon

High school degree with an engineering sciences option, with honors.

EXTRA–PROFESSIONAL ACTIVITIES

Deliverer and order picker   April 2019 – May 2019, Dijon

I participated in the delivery and preparation of orders for a charity helping the poorest.
